[illegible]

Figure 1. Schematic diagram of the experimental setup. The subject is seated in a chair, viewing a screen displaying a target (T) and a starting point (S). The target is a vertical line, and the starting point is a horizontal line. The subject's hand is positioned at the starting point, and the target is located at a distance of 10 cm from the starting point. The subject is instructed to move their hand from the starting point to the target. The distance between the starting point and the target is labeled as 10 cm. The subject's hand is shown in a starting position, and the target is shown as a vertical line. The subject is instructed to move their hand from the starting point to the target. The distance between the starting point and the target is labeled as 10 cm.
